EDUCATIONAL OBJECTIVE

European law influences almost all areas of national legal systems. Excellent knowledge of European law, its methodology as well as its influence on the law of the member states is therefore required **in all legal professions**.

Building on the knowledge acquired in the main lecture, participants in the core area courses learn the **methodology** and **general legal principles** of European law, deepen their knowledge of **primary law** as the "constitutional law" of the EU, deal in depth with the concept of the **internal market**, and illustrate the dynamics of **European integration**.

In the elective area, the variety of courses offered allows for expansion and specialization in areas of Union law.
